

**COLORADO ASSOCIATION OF STORMWATER AND
FLOODPLAIN MANAGERS**

NEWSLETTER

VOL. 2, NO. 1, JANUARY 1991

PLANNING UNDERWAY FOR 1991 ASFPM CONFERENCE

-- Bill Stanton, ASFPM Conference Director

In approximately four months, during the week of June 10-14, 1991, the state of Colorado will be host to the 1991 ASFPM national conference. This conference provides a national forum for floodplain managers, emergency planners, disaster researchers, and federal, state, and local government officials.

Preliminary Agenda. The 1991 conference agenda will be similar to previous ASFPM conferences.

Committee chairpersons will meet on Sunday morning. The Second Annual ASFPM Open Golf Tournament is being planned for early arrivals on Sunday afternoon. A reception for CASFM members and volunteers will be held Sunday evening.

The six ASFPM committees will meet on Monday morning with a general membership meeting to follow Monday afternoon. The State Food Fest will be held Monday evening.

The technical part of the conference will officially open Tuesday morning, closing Thursday noon. Technical field trips are scheduled for Thursday afternoon. Site visits include Boulder Creek, the U.S. Army Corps of Engineers project in the South Platte River corridor, local flood

control and stormwater management projects in the Denver metro area, and flood warning systems in the Urban Drainage and Flood Control District.

Friday will offer three optional extended excursions, an ASFPM committee chair meeting, and a CASFM general membership meeting.

Spouse Tours. Spouse tours are also being planned. Tour 1 will include an overview of the city and shopping at Cherry Creek Mall. Tour 2 will visit historic Georgetown with an option to ride the narrow gauge railroad over the Georgetown loop. The third tour will visit Rocky Mountain National Park.

Extended Excursions. Three optional extended excursions are being planned for the week-end after the conference. These include a one day trip to the Big Thompson Canyon, a one day "trek to the divide" near Breckenridge, and a two day trip to the mountains of the western slope. These trips will only be held if there is sufficient interest. Additional details will be provided in the registration packet.

Exhibit Space. The conference has proven to be an excellent marketing vehicle for businesses that provide a service or make a product related to

floodplain management. The national exposure and contacts made during the conference may lead to new prospects and an improved client base. According to Dan Accurti, Exhibits Chair, between 30 and 35 exhibit spaces are being planned for the 1991 conference. Corporations or groups interested in obtaining exhibit space should contact Dan at (717) 787-5177. The exhibitor fee this year is \$625 for ASFPM members and \$725 for non-members. This fee includes one 8' x 10' booth with table and one free conference registration.

Registration Packets. Details about the preliminary agenda, field trips, spouse tours, extended excursions, and other conference activities will be included in the registration packet to be mailed in April 1991.

Registration Fee. The registration fee includes the conference notebook, conference proceedings, and participation in most activities at the hotel. Breakfasts, lunches, and out-of-hotel activities will be charged separately at or near actual cost. Registration fees depend on membership class and date of registration. The sooner you register, the lower the rate. Members of the CASFM will receive a significant discount. The 1991 registration fees will be as follows:

<u>Class</u>	<u>5/1</u>	<u>5/15</u>	<u>6/1</u>
Non-ASFPM	\$205	\$235	\$265
ASFPM members	190	215	240
CASFM members	105	125	145
Students	85	85	85

By joining the CASFM for \$25 and registering before the May 1 deadline, a

local government official in Colorado can save \$75 over the non-member conference rate.

Local Corporate Sponsors. To help defray conference costs, local area corporations may become sponsors. In return, sponsors will be recognized in the conference notebook and at other appropriate times during the conference. A list has been made of the items that are needed and can be donated. The minimum donation amount is \$100.

Conference Volunteers Needed

To put on a national conference of this magnitude requires a lot of effort. We will need all kinds of individual volunteer assistance from the CASFM membership to make it a success. I have already received several offers for help but additional workers, for the following tasks, are still needed:

- Notebook Assemblers 4
- Envelope Stuffers 4
- Registration Desk 6
- Runners/Gophers 4
- Room Monitors 6
- Ticket Takers 6
- Local Corp. Coord. 1
- Sign Coordinator 1
- On-site Computer Genius 1
- AV Coordinator 1
- Photographer 3
- Copy Machine Master 1
- Door Prize/Gift Coord. 1
- T-shirt Coordinator 1
- Bus Coordinator 1
- Ground Trans. Coord. 1
- Security Coordinator 1
- Restaurant Coordinator 1
- Hospitality Coordinator 1

(continued on p. 5)

MEMBERSHIP RENEWAL

Membership in the Colorado Association of Stormwater and Floodplain Managers runs on an annual year basis. Now is the time to renew your membership to ensure that you continue to receive newsletters and the other benefits of membership without interruption.

The form at the bottom of this page can be used to join the CASFM or renew your membership. We have also included, on the reverse side of this page, a list of current CASFM members.

Please contact me at 866-3441 if you would like more information or would like to volunteer for one of these jobs.

FROM THE CHAIR

Well, we have finished our first year of operation and it is time to start working on 1991. One of the first orders of business for next year is the nomination of officers. The Association officers include the following: Chair, Vice Chair, Secretary/Treasurer, and the four regional representatives. A nominating committee will receive all nominations and put together a ballot for the election. Those ballots will be mailed to all members of the Association as soon as possible. The newly elected officers will assume their responsibilities at the annual conference.

Please submit your nominations, or volunteer for an office, by contacting Bill DeGroot at the Urban Drainage and Flood Control District, 455-6277. Nominations should be submitted by March 1, 1991.

The duties of each officer are as follows:

Chair: presides at all formal meetings of the Association, carries out the orders and resolutions of the Board of Directors, and generally represents the Association, as needed.

Vice Chair: acts in place of the Chair, as needed, and conducts special projects from time to time.

Secretary/Treasurer: records the minutes of each Association meeting and receives and monitors the funds of the Association.

Regional Representative: represents the interests of their area of the state, coordinates the Association's activities in their region, and assists the Board of Directors in developing programs of local interest.
