

## LIQUID LECTURE SERIES 2021

- ♦ 3rd Thursdays, **now IN PERSON!**
- ♦ Monthly informal lecture series on a variety of watershed topics from local experts
- ♦ Free to attend

### July LIQUID LECTURE:

### Botany & Ecocities: Restoring Ecosystem Services to Urban Spaces with Maggie Gaddis, MS, PhD

**Thursday, July 15th, 6pm**

The urban ecology of the Fountain Creek Watershed provides ecosystem services that protect our water, air, and soil resources. Citizen scientists working with non-profit organizations and local agencies provide valuable ecological data collection to inform the science and advocacy of our home watershed.

Maggie Gaddis, MS, PhD Ecocity Partners, Owner and Principal Investigator, Lecturer, UCCS, Bard College Citizen Science Faculty
