

JULY 2023

VIRTUAL LUNCH & LEARN

July 26, 2023 AT 12:00 PM
Grizzly Creek Fire Water Quality Monitoring
A Disaster Relief Grant Update
With
Paula Stepp, Executive Director
of the Middle Colorado Watershed Council

In 2022, the Colorado Association of Stormwater and Floodplain Managers sponsored a disaster relief grant in order to support our community members impacted by flooding, wildfires, or other natural disasters. Two grants of \$5,000 each were awarded to the top applicants, one of which was to the Middle Colorado Watershed Council for assistance with monitoring water quality in the Colorado River after the 2020 Grizzly Creek fire event.

Interested in learning about the monitoring effort through 2023 and beyond? Please join us on July 26th for a presentation by Paula Stepp of the Middle Colorado Watershed Council. We look forward to seeing you there!

Cost: FREE
1 CEC will be provided
