DOVE CREEK CHANNEL
RESTORATION TOUR

With SEMSWA and CCBWQA

Please join the CASFM Outreach and Training Committee for a tour, led by SEMSWA and CCBWQA, of the recently completed Dove Creek Restoration project in southern Centennial. Construction was phased over two years and ultimately restored and stabilized over a half mile of Dove Creek from Otero Avenue to East Broncos Parkway. The project incorporated outfalls from the adjacent industrial developments and water quality improvements to a regional pond. Restoration planting was completed this year, and the site is ready for a visit!

Date: October 17, 2024
